

Reschedule Policy

Reschedules have many factors and are used ONLY when they fall under these circumstances:

- Weather
- Field closures
- Sanctioned School events

Important note- Even under these three circumstances, reschedules will only happen if room in the season calendar allows for it. We will always do our best to ensure all games get played, but reschedules are **NOT guaranteed**.

Keep in mind, please- Rescheduling affects not only your team but your opponent as well. It also requires rescheduling of referees and fields and requires support staff to manage it.

We will **NOT** reschedule games due to lack of players for any other reason than sanctioned school events that take a team **below the required minimum** to field a team. If you can field the minimum number of players, then please play as scheduled. (See your pocket coach card for required minimum players to play or check with your commissioner.)

We will **NOT** reschedule games due to the coach being unable to attend. This is why we strongly urge our coaches to have a **ROSTERED** Assistant Coach or two and a Team Manager. Illness, accidents or just random family things can pop up and keep a coach from being available at any given time, so an assistant or team manager on the roster is **NECESSARY**. These fill-ins **MUST be on the roster AHEAD of time** so they are certified and background checked when called upon to step in as Coach. Please contact our CYSA office to make sure Assistants and Team Managers are properly authorized. This is required for the safety of our players.
